U.D. Players
Present
Passion Play

... story on page 2.

FEBRUARY • 1951

Passion Play ... given in March

The University of Dayton Players will present the first annual Passion Play of Dayton, March 2, 3, and 4 at the Dayton Art Institute. This production will be the most ambitious presentation of the Players since their organization five years ago.

The cast for this Passion drama will involve over fifty members under the direction of Mr. John I. McGrath. The play will depict the happenings of Holy Week from the time of the Last Supper to the death of Our Lord.

In this time of world crisis it is most fitting for all people to turn their attention during the Lenten period to the Life of Our Lord. It is with this in mind that the Players are planning to bring to everyone the important events leading to the betrayal and the death of Jesus, the Savior.

Mr. McGrath has announced that the leading roles have been assigned and will be portrayed by Don Loeffler, Ed Feidner, John Kelly, Charles Bernard and Jim Walsh.

You will want to make your reservations early to witness this greatest of all the Players' productions. Write Box 175, University of Dayton, for further information and reservations.

Doyle '27, advanced with Servel, Inc.

Conan J. Doyle, '27, who holds a Bachelor of Science degree in civil engineering, has been named regional sales manager of Servel, Inc. This announcement was made by John K. Knighton, general sales manager. Mr. Doyle will make his headquarters in the Servel office in Washington, D. C.

Mr. Doyle formerly was assistant regional sales manager in Washington for the firm, which is engaged in the manufacture of gas refrigerators, water heaters, and air conditioners.

A native of Aurora, Ind., Mr. Doyle attended Our Lady of Good Hope School, Miamisburg, O., and the University of Dayton Preparatory School. After receiving his degree, he became a field service representative for the Frigidaire Division, GMC.

FRONT COVER: May we present members of the cast and the assistant director of the University of Dayton Players; left to right: Don Loeffler, John Kelly and Mrs. Richard Anduze (Annette Stutzman '49). Loeffler and Kelly will portray the parts of Annas and Caiaphas, high priests of the Sanhedrin.

Mr. Doyle joined Servel in 1930 as a service engineer and later served as a sales promotion representative and district manager. He was appointed assistant regional manager in 1949. During World War II, he was manager of the Dayton office of the Republic Aviation Corporation, Farmingdale, N. Y. Mr. Doyle is a member of the Sales Executive Club, Mr. and Mrs. Doyle are residing in Washington, D. C.

Letter from Alumni

(*Editor's note:*—The recipient of the following letter from an alumnus has requested that his name be withheld.)

Dear Brother:

It was indeed a pleasure to have had the opportunity to chat with you when I was last in Dayton.

You may recall my mentioning my activity on the Editorial Board of the Society for Experimental Stress Analysis. I'm taking the liberty of sending you under separate cover Vol. 7 No. 2 of the Proceedings of the Society, which you may find of some interest, and the book is put up in

such a way that it makes a rather handsome addition to a personal library. I hope it will find a place in yours.

I hope you don't think it was just making conversation that prompted my remarks about appreciating the way you hammered Strength of Materials at us eighteen years ago. Although as you probably remember only too well, I took a rather dim view of your efforts at the time. It forms the groundwork for everything that follows having to do with mechanics of materials, fatigue, creep, elasticity, plasticity, and even ordinary design. And I'm sure that without the basic fundamentals absorbed under protest on the second floor of Nazareth Hall from your hands, I would eventually have been forced by necessity, to either re-study the whole works or seek a livelihood in other fields of endeavor.

If there is anything I may be able to do for you around these parts, please feel entirely free to call upon me at any time.

Very sincerely,

Charles V. Mahlmann

U. D. serves many organizations

The University has long recognized its responsibilities in serving the community. It is presently engaged in a wide variety of special services to industry not readily apparent from an examination of the University catalogue.

During this period of national emergency many of the programs have been accelerated to assist in removing much of the pressure upon business and industry in order to achieve a more rapid and efficient mobilization. Various industries and businesses with special problems have contacted the Director of Evening Classes for further information on the available facilities of the University. Some representatives of industry visited the campus to inspect the facilities of the University.

The following are typical examples of the special services now being given to business, industry, military and civic organizations:

Research

Engineering (Mechanical, Electrical, Chemical, Civil, Industrial).

Testing

Psychological tests and measurements, employee testing, aptitude and achievement tests.

Guidance and Counseling

Vocational and educational guidance.

Industrial and Business Training Programs

The University will cooperate with individual businesses, industries and professional societies in the development of training programs. Arrangements may be made for special classes to be conducted in plants and businesses, off-campus or on campus. Special programs of study for interested groups may be developed to achieve definite educational goals.

SPECIAL CONFERENCES AND WORKSHOPS

The University maintains a wide variety of complete laboratory facilities which have frequently been made available to business and industry. Some examples of these include: Mechanical, electrical, chemical, civil and industrial engineering laboratories; Chemistry; Physics; Biology; Geology; Home Economics; Mathematics; and Psychology laboratories.

Laboratories

Adult Non-Credit Programs

The University will endeavor to assist social, trade and professional, civic male or female organizations in

Rev. Edwin J. Weber, S.M., director of the Marianist Promotion Service, assisted by Dick Beach, has initiated a weekly broadcast of Catholic news. The program is presented every Saturday morning over radio station WONE at 11:30 A.M. This service to the Archdiocese covers the Catholic world at large, the Archdiocese, and Catholic news of Dayton and the immediate vicinity.

the development of programs of study, arranging conferences or securing speakers to the limit of its facilities. The length of these programs, subject matter and manner of presentation can be adjusted to meet the specific interests of the particular group.

Further information regarding any special services of the University may be secured from the Director of Evening Classes.

Preparing for the national emergency

A National Emergency has been declared and the University of Dayton is preparing to meet these conditions.

Long range and immediate trends indicate that this emergency is not one of a temporary nature. It is imperative that the problems arising from a period of National Economic Mobilization be recognized and solved quickly and efficiently.

The following courses have been specially developed to educate civilian and military leaders in three main aspects of mobilization of the National economy for an emergency. College credit is optional for these courses. They have been organized so that outside preparation was not essential to

an understanding of the material presented. Those who desired college credit were required to complete special assignments and examinations arranged by instructors.

Organization for National Security: A study of the Federal, State and Local organizations involved in national security. The plans, organizations and controls designed for civil defense, procurement, plant and installation security, dispersion, public relations, economic stabilization and various other phases related to emergency management.

Economics of National Security: A study of the forces and factors affecting production, distribution, exchange and consumption in a National Emergency. Topics include: requirements; war facilities; war finance; manpower; technological progress, critical and strategic materials, economic stabilization, etc.

Geographical Aspects of National Security: A study of the global geography and its relation to national security. Areas include: The Middle East, Great Britain and Western Europe, Canada and the Arctic, the Far East, South and Central America, the U.S.S.R. Topics include: resource patterns, man and his habitat, geo-cultural problems and patterns.

Alumni Active in U. D. TV—Panel

In a move aimed for public service the University of Dayton has stepped into the field of television production with a series of three TV round table panel discussions entitled "National Security and You."

Three members of the U.D. Evening College faculty have permanent spots on the panel being conducted over station WLW-D on successive Saturday's following Feb. 10. The panels discuss the Organization of National Security, the Economics of National Security, and the Geographical Aspects of National Security.

U.D. faculty members on the panel include: Col. Richard H. Magee, Standard Register Co., and former commandant of the Army Industrial College in Washington; John R. Heron of the Overseas Division of the National Cash Register Co.; and Dr. E. B. O'Leary, head of the Economics Department at U.D.

Production of the series was made possible through cooperation of the Chamber of Commerce and the AVCO's local station, WLW-D. Initiation of the program was prompted by the installation in the U.D. curriculum of three courses dealing with mobilization efforts of the nations.

The Chamber of Commerce invites men experienced in the various phases of mobilization to serve as guests on the programs. Louis Polk, president, Sheffield Corp., and vice-president in charge of all technical divisions and committees of the American Ordinance Association was featured guest on the first program.

Col. Louis W. Makley, '27, attorney, and chairman of the field economic mobilization committee of the Dayton Chamber of Commerce is moderator.

Frank Strohbar, manager of the Industrial and Aviation departments of the Chamber of Commerce and Hugh N. Brown, U.D. Public Relations director are coordinating the series.

Class Notes

1901—Sympathy is extended to the family of Joseph B. Murphy, a Dayton attorney who died as a result of a heart attack on Feb. 1.

1904—Father Aloys C. Angel is currently residing at St. Wendelin's Church, Pittsburgh, Pa.

1908—Congratulations are extended to the Rt. Rev. Monsignor Harry J. Ansbury on his being named a domestic prelate.

NEWLY ELECTED OFFICERS OF THE MONTGOMERY COUNTY CHAPTER OF THE UNIVERSITY OF Dayton Alumni Association are left to right: Rose Rothberg, '40, secretary-treasurer, and Lloyd Rensel, '43, president. Robert M. Payne, '22, vice-president, was unable to be present when the picture was taken. The officers were installed at the annual meeting in February.

1910—Rt. Rev. Msgr. R. Marcellus Wagner was also named a member of the Archdiocesan School Board.

1912—Bob Gray was active in the "Oldtimers" on the Dayton newsboys' day.

1913—Vincent J. Farrell, South Orange, N. J., was a recent campus visitor.

1914—Sympathy is extended to John Reichert, Sheboygan, Wisc., on the death of his brother, Joseph A., formerly Hotel Foeste manager in Sheboygan. Mr. Reichert died on Sunday, Jan. 28. He will be remembered in Dayton as having purchased and operated the Colonial Hotel, Dayton. Congratulations are extended to the Rt. Rev. Francis A. Smith, pastor of Holy Angel's Church in Cincinnati, on his being named a monsignor.

1917—The Bohnerts—Herbert and Mr. and Mrs. Lee—are very frequent campus visitors. Lee has been troubled with arthritis. An inquiry came into the office wondering if he has secured any of the latest collapsible crutches . . . Yes . . . No. Sympathy is extended to the family of Joseph O. (Dooley) Donovan, who died in Los Angeles during January. Mr. Donovan was president of the Los Angeles Board of Public Works and served as selective service director in California. He will be remembered in Dayton as manager of the Colonial Theater when it first opened.

1918—Francis Powers has changed his residence from Evanston, Ill., to San Francisco, Calif.

1919—Howard Wynne is presently

residing in Cincinnati. Joseph W. Holters is a power engineer with the Cincinnati Gas and Electric Co.

1920—Carroll Hochwalt has been named a member of the six-man executive committee for Monsanto Chemical Co., St. Louis. George Hochwalt, Sr., has changed his residence from La Grange, Ill., to York, Pa. James A. McCune, Jr., is residing in St. Petersburg, Fla.

1922—Raymond G. Hieber is a professor of physics at Xavier University, Cincinnati. You will find C. F. O'Grady down in Birmingham, Ala. Roman A. Gerber is the proprietor of the Gerber Electric Co., contracting for light and power installations. He is also managing real estate in Chillicothe. Edward Finan is a professor of mathematics and head of the department at Catholic U., Washington, D.C.

1923—Elmer F. Steger is a product design engineer at the Duro Co., Dayton. Clarence Paulus is an assistant supervising engineer of plant design, electrical engineering department, at the Cleveland Electric Illuminating Co. Alfred L. Poliquin is a development engineer for the Master Electric Co., Dayton.

1924—John Garrity, Detroit, is treasurer of the Catholic Youth Organization. Nick Schweicher (Murphy), we understand, is doing quite well with the Cleveland Trencher Company, and is looking forward to retirement. Thomas J. Murray, foreman, is affiliated with the Armo Steel Corporation, Ashland, Ky. Robert E. Valiquette was named a member of the

ATTENTION UNIVERSITY OF DAYTON ARMY RESERVE MEMBERS

All graduate engineers or technical men of the Army Reserve are eligible for membership in the 2708th Research and Development Group under the command of Colonel Fred M. Reiter, materials research engineer for the Dayton Power and Light Co.

This organization was formed in the Dayton district in order to keep technical men in the area active in the Reserve, collectively, in one unit with a common interest.

Members of this organization which is a training unit, and not a TOE unit, will, in case of emergency be used by the Army in jobs for which their training, experiences and degrees are qualified.

For further information contact:

Maj. Joseph Fletcher
913 Wellmeier Ave.,
Dayton 9, Ohio
Phone: KE 8584

25-Year Club at Winters Bank, Dayton, Ernest J. Gerber is in the general contracting business in Chillicothe. Edmund Flowers is an electrician for the New York Central Railroad. Col. Carl J. Crane, (retired), is associated as a special partner with LAPCRA RESEARCH, LTD., of San Antonio, Tex. He is busy with building the third model of the Alweather Flite-gage, which in its experimental form received very enthusiastic reception by pilots and instrument flying authorities. The Colonel wishes to be remembered to all his friends.

1925—Do any of the '25 grads know the address of E. J. Urbanski? Last known address was Toledo, Ohio. Joseph Back, Grandview Hospital administrator, reports that a 60-bed, \$450,000.00 addition is being constructed at the hospital. Merle P. Smith was named assistant chairman for the 1951 Green Cross enrollment drive.

1926—Ralph E. Hommel is an equipment maintenance supervisor for the American Telephone and Telegraph Co., Dayton, Charles Falkenbach is a civil engineer, Division of Engineering and Construction, Columbus, O. Congratulations are extended to Mr. and Mrs. Andrew Aman on the birth of their daughter, Diane Marie on Dec. 7, 1950.

1927—Capt. Harold Thomas is stationed in Nurennburg, Germany. We hear that last Christmas at Nurennburg was the first time his wife's family had been re-united in nine years.

CADET COLONEL HARRY E. PARR IS SHOWN BREAKING GROUND FOR THE UNIVERSITY OF DAYTON'S \$200,000 ROTC Building. The latest addition to the university's campus will be used for classrooms, staff offices and a storage hall. Site of the structure will be east of Alumni Hall.

Frank P. Pettinger is a district plant engineer for the Northwestern Bell Telephone Co., at Grand Island, Nebr. John A. Retter, Dayton, is Chief, Management and Operations Section, Air Installations Division, USAF, Wright-Patterson AFB. A member of the class of '27 who appreciates the Florida sunshine is Clinton J. Mott, St. Petersburg. Robert W. Kellhofer is residing in Hagerstown, Md. Wm. H. Adams is president and general manager of Adams Bros., Inc., ready-mixed concrete for industrial construction, Zanesville, O. Conan J. Doyle has been named regional sales manager of Serval, Inc. Sympathy is extended to Frank Reichert on the death of his father, Joseph, in Sheboygan on Jan. 28. Frank is now manager of the Custiss Hotel in Plymouth, Wisc.

1928—Col. John E. Carroll is stationed at Quarters 112, Ft. McPherson, Ga. Congratulations are extended to William J. Nunn, Jr., Ft. Leonard Wood, Mo., on his promotion to full colonel. Gilbert L. Stallkamp is a special projects engineer at the Leland Electric Company, Dayton. Congratulations are extended to Dr. and Mrs. Vincent A. Aufderheide, Dayton, on the birth of their daughter, Kathleen Marie—on Oct. 13. Bob Chester, orchestra leader, currently has a Los Angeles (Calif.) address. Joseph Donisi has been located in Houston, Texas. Bill Reynolds is still affiliated with a bank in Philadelphia, and residing in Darby, Pa. Lt. Col. F. L. Kohlrieser is living in Arlington, Va. Joseph R. Desch is the head of electronics research at the National Cash Register Company, Dayton.

Howard E. Crush is superintendent of the Lunken Airport, Cincinnati, and is an engineering consultant on airport design, construction and management. Joseph A. Schneider, Steubenville, is affiliated with the electrical department, Wheeling Steel Corporation. Samuel E. Hottinger, Jr., is a municipal engineer for the Louisiana Rating and Fire Prevention Bureau, New Orleans. Wm. F. Keating is assistant supervisor, survey and right-of-way, for the Cleveland Electric Illuminating Co. Francis J. Hollencamp is president and general manager of the Gustav Wiedeke Company, Dayton. Philip M. Gundlach is switchboard design engineer with Westinghouse Electric in St. Louis. Bill Boyd is an industrial procurement engineer with the Air Materiel Command, WPAFB. Russell Huber, D.D.S., is practicing in Dayton. Sympathy is extended to Ed Powers on the recent death of his wife, the former Eloise Keuping. Col. Edward A. Zimmerman is assigned to Letterman General Hospital in San Francisco. He has been in the army for 11 years. Dr. James G. Parker was guest speaker at the 6th annual dinner and meeting of the Catholic Laymen's Retreat League in Columbus, held Jan. 21.

1929—Congratulations are extended to Dwight R. Freidline, Dayton, on his promotion to supervisor, electrical division office, Dayton Power & Light Co.

1930—George Iwashita is manager of product planning with the General Electric Company, Bloomfield, New Jersey. Albert J. Kuhn is senior

(continued on page 7)

DON (MONK) MEINEKE
University of Dayton Center

The Monk and the Ox.

An odd combination, but put them together and they stack up to 13' 1" and 420 pounds of basketball players. And what's more important to Tommy Blackburn's University of Dayton Flyers is that they add up to 526 points in 20 games.

The Monk, Dayton's candidate for All-American honors, is Don Meineke, 6' 7" junior. The Ox is Vaughn Taylor, 6' 5" sophomore. Both are centers and both are home-grown products of the Gem City.

Meineke, the polished product, appears well on his way to cracking his school record of 510 points set last season in 32 games. Dayton plays only 28 scheduled games this year. In 20 games Meineke has scored 418 points (an average of 20.9) and needs just

12 points per game to set a new high. The lean junior (he weighs 195) is one of the squad's cleverest passers and is topped only by Capt. Dick (Razor) Campbell, ace play-maker, in assists leading to baskets. Meineke also is Dayton's top rebounder with 216. He has taken the lead over Pete Boyle, rawboned 6' 3" forward from Floral Park, N. Y., who has 192.

Meineke also is clicking on 46 per cent of his shots from the floor. He is challenged in that department only by the Ox. Taylor's teammates dubbed him Ox because of his husky 225 pounds.

Taylor, the comer, is a southpaw. The sophomore has a 41 per cent shooting average. He tosses up a lazy, floating hook shot that is both tantalizing and spectacular. His accuracy

at hitting the basket has caused Blackburn to experiment with him at forward. Taylor sees only limited action at center, as Meineke seldom needs relief, but has hit for 108 points.

The Flyers, victors in 16 of 20 games, and currently 18th in the nation, need all the points the pair can muster in coming encounters.

The Monk and the Ox are big noise in Dayton's point parade. If some team tones them down "at least one of 'em can still make plenty of noise," Leland (Junior) Norris, high-scoring guard points out, "Don't forget Ox plays the trombone."

Down the Home Stretch

Coach Tommy Blackburn's University of Dayton basketball Flyers have headed into the home-stretch of the current season with a comeback bordering on the phenomenal—but still have big hurdles to clear.

For the Flyers, who aren't exactly allergic to the thought of playing in a post-season tourney, can't afford a let down at this point.

Dayton opened on a wobbly keel, dropping three of their first six games. However, after dropping a 66-72 decision to Eastern Kentucky the Flyers straightened out and barreled through 12 straight opponents, some nationally regarded and ranked, before skidding off the victory trail again.

The stretch of 12 set a new record for the Flyers in consecutive game winning streak. Youngstown College finally clipped Dayton 76-73 at Youngstown.

Another record was cracked during that winning drive as Don (Monk) Meineke, the Flyers 6' 7" junior center, cracked a single game scoring record that had stood since 1907 when Bill Hilgerink netted 49 points for ole St. Mary's Institute.

Meineke banked in 49 points as Dayton drubbed Muskingum 100-71. The lanky center was removed by Blackburn immediately after setting the new record. There were still four minutes remaining in the game but Meineke was a tired lad.

In the drive that carried the Flyers to a ranking of 18th in the nation by the Associated Press and 10th in the country according to Dick Dunkel's highly regarded rating service the Dayton team topped stiff opposition.

Chicago Loyola was one of the teams dropped and in a span of eight days Dayton knocked off Louisville (beaten only twice), Toledo and Eastern Kentucky. All three of the

latter clubs are regarded as being among the best teams of the country.

The Flyers proved they weren't a "home-front" club by moving into Toledo and turning back Jerry Bush's fine club 67-36 in a scrappy duel before 4600. Dayton earlier had defeated the Rockets 64-46. Two nights after the second Toledo game the Flyers came a cropper in Youngstown and dropped that aforementioned 73-76 tilt.

Thus the Flyers in winning 16 of their first 20 games were defeated by a total of just 18 points in their four losses.

Before the season began Blackburn said his Flyers would win 20 of their 28 games. There appears to be little doubt that they will reach that mark.

After Youngstown the Gem City club lost little time rebounding into the win column. Baltimore Loyola was disposed of 70-54.

New Faces popped into Blackburn's first five in that tilt with Gene Hickey, 6' 1" sophomore, moving into a guard post with Vaughn Taylor, 6'5" sophomore, taking over a forward spot.

Hickey, a classy ball-handler from Toledo, had played so well in relief roles that Blackburn felt he deserved a place on the starting club. The young sophomore, who also can score well for a play-maker, will be hard to keep out of the line-up as long as he continues to hustle.

With Bounding Pete Boyle and Chuck Grigsby in temporary slumps, Taylor was moved into a forward post, The Ox, as the genial sophomore has been dubbed by his teammates, boasts the Flyers second best shooting percentage from the floor.

Taylor, generally used to spell Meineke in the pivot, has played few minutes but still has scored 108 points. His lazy, floating left hand hook shot generally finds its mark.

Boyle and Grigsby, who played terrific ball during the Flyers big comeback drive, should return to form shortly. Meanwhile the Dayton "bench" is paying off.

Blackburn has used Gene Joseph, 5' 10" forward from Martins Ferry, O., and Bobby Flynn, 5'7" fleet senior forward from Lexington, Ky., as spot men.

Joseph played the entire second half of the Rocket game in Toledo and turned in a top-notch performance. Flynn bounced into the Louisville game to give a helping hand to Leland (Junior) Norris who was conducting a one-man scoring campaign.

The Flyers who trailed as much as 19 points at one time, refused to quit even though Louisville led for 35 min-

utes and 10 seconds of the clash. Norris pitched in 24 points for the evening, and the ailing Meineke, suffering from a damaged shoulder and what later turned out to be a case of flu, came off the bench in the last three minutes to sink three field goals in three attempts and tossed in a free throw as Dayton won 68-61.

Meineke in all probability will become the sixth player in collegiate basketball history to score 1000 points over a two-year span. Monk scored 510 points as a sophomore and was edging toward that 490 mark as he went as Dayton's 21st game which he went into with 418 points.

Flyer Captain Dick (Razor) Campbell has hiked his point total since moving up to forward from guard and another lad breaking into games more frequently is tall Gom Frericks, forward from Minster, O. Frericks, a sophomore, is slated for more action in Flyer games.

And the Flyers are going to have to continue top-flight action if they are to retain the high regard in which they are now held by basketball rating experts.

Class Notes

(continued from page 5)

project engineer for Frigidaire Division, GMC, Dayton. Carl W. Gerhardt is a unit chief, Test Branch, Equipment Lab., Engineering Division, WPAFB, Dayton. In Cleveland, Joseph W. Andras, Sr., is a senior assistant traffic engineer with the Department of Public Safety. Lt. Col. Eldon A. Koerner is C. O., Signal Corps Inspection Agency in Philadelphia, Pa. Montgomery County (O.) Prosecutor Mathias Heck has the assignment of drafting a proposed bill to re-name the "district attorney" as "prosecuting attorney." Jim Cassidy, affiliated with the Harris-Seybold Company in Cleveland, was a campus visitor during the Christmas holidays. Dr. Norman Durocher's address is Pontiac Bank Bldg., Pontiac, Mich. Lt. Col. Nelson I. Decker has been assigned to the 3rd Army Headquarters in Atlanta, Ga.

1931—John W. Salm is a consulting engineer in Coldwater, O. Also he works for the Westinghouse Electrical Supply Company as a sales engineer. Harry N. Kuntz is treasurer of the Miami Cigar and Tobacco Co. Capt. Bernard F. Burdzinski has recently changed his residence to Dayton. Congratulations are extended to Mr. and Mrs. Robert Boesch on the birth of their daughter, their fourth child, Martha Mary, on Sept. 14, 1950.

1933—Congratulations are extended to Miss Maro Ajemian and Lionel S. Galstaun, who were married on Dec. 17, at Riverside Church, New York City. Bob Tryon expresses his best wishes to "the Dayton family" and reports that he is at home in Phoenix, Ariz.

1935—Dr. A. V. Black was re-elected secretary of the Montgomery County Medical Society. Congratulations are extended to Mr. and Mrs. Robert Kroger on the birth of their daughter, Roberta, on Dec. 6.

1936—Sympathy is extended to the family of Dr. John R. Loofbourov, who died unexpectedly in January at M. I. T. Dr. Loofbourov taught biology at U. D. during the years 1934-1935. He was with the Institutum Divi Thomae, Cincinnati, and was also at the University of Cincinnati in the Basic Science Lab. For the past several years he was executive officer of the Biology Department at M. I. T. and chairman of the faculty.

1941—Congratulations are extended to Mr. and Mrs. Harold Bistline on the birth of their daughter in Dec. Jack Baker will serve as chief trainer

Class Notes

at Pine Bluff, Ark., for the St. Louis Browns' minor league spring training camp.

1942—Congratulations are extended to Mr. and Mrs. Robert Dodi on the birth of their daughter, Eileen Marie on Dec. 14. Congratulations are extended to Dr. and Mrs. Michael R. Haley, Jr., on the birth of their son, Michael Robert III, December 3 in Dayton. Richard Klopff has been named director of the Miami Valley Conservatory of Music. Sympathy is extended to Rita Luthman on the death of her father, Edward W. Luthman, Dayton. Survivors also include Mrs. Wayne Stamm (Amy Luthman '43). Congratulations are extended to Mr. and Mrs. Joseph Schulkers on the birth of their son, Stephen Jerome on Dec. 7.

1943—Marc Dunnam is residing in Troy, O., and is employed at Wright Field.

1944—Congratulations are extended to Barbara Lee Bassett and Louis J. Synck, who were married in the Church of the Immaculate Conception, Montclair, N. J., on Feb. 3. We have received word that Vincent Yano, along with his family, has moved back to Honolulu.

1945—Congratulations are extended to Mr. and Mrs. Edwin J. Zwiesler on the birth of a daughter, Ann Louise, on Jan. 26. 1st Lt. Richard A. Welsh, M. C., is attached to the hospital at Ft. Leonard Wood, Mo. Helen Richards had a nice trip down to Clearwater, Fla., in Jan.

1946—An interesting note from Joan Sides Cline informs us that they are residing at Chatham, N. J., within commuting distance of N. Y. C.

1947—Bart Lubbers, instructor at U. D., was the principal speaker at the sixth annual Father-Daughter Communion Breakfast in Dayton. John J. Weldon is currently residing in Louisville and is working at the Liberty Bank. He and Frank Schmidt ('50) say "hello."

1948—Virginia Trick and Harry Worman were married in St. Albert the Great Church on Sept. 30. Please accept our tardy congratulations. Congratulations are extended to Mr. and Mrs. William Bachus on the birth

of their second daughter on November 28.

1949—Wallace E. Ellifritt is stationed at Fort George G. Meade, Maryland. Jim Myers, Lima, was a campus visitor. George D. Moon, residing in Cincinnati, was a campus visitor. Congratulations are extended to Mary Ellen Hagan and Jim Utermohlen ('51), who were married on Feb. 3, at Corpus Christi Church, Dayton. Sympathy is extended to Brian McCall on the recent death of his sister and her two small children. They were burned in a fire. Belated congratulations are extended to Rose Marie Otto and Earl J. Moorman, who were married in Oct. at Holy Angels Church.

1950—Congratulations are extended to Mr. and Mrs. Patrick Gilvary on the birth of their son, on November 28 at Providence Hospital, Washington D. C. Louie Lorenz, Jr., Sgt., reports that he was recalled to active duty Nov. 13, 1950. At the present time he is stationed with Hq. Co. 8617, AAU, AHS, Arlington, Va. Helen Marie Knepper is interning in the dietary department at Grasslands Hospital, Valhalla, New York. Bill McKinley, coach at Springfield Catholic High School, was a recent campus visitor. Lt. Robert Tormey, who is stationed at Camp Breckinridge, Ky., was also a recent campus visitor. We greatly appreciate receiving class notes from our Sheboygan correspondent, E. Ann Davis. She reports that everything is doing fine on her new position with the Girl Scouts, although "it's 28 degrees below zero now. My first real winter and it's not bad at all." Congratulations are extended to Rita Tegeder and Ed Janning, who were married on Nov. 23 at St. Anthony's Church, Dayton. Ed will graduate in Jan. and will be employed as a statistician at Airtemp, William E. Snyder is residing at R. R. 1, Ft. Loramie, and is teaching school up there. Congratulations are extended to Mary Frank and Jack Wagner, whose engagement and approaching marriage has been announced. They will be

married on April 7 at Corpus Christi Church. 1st Lt. Bernard J. Ambrose, attached to the famous 24th Infantry Division in Korea, has been hospitalized with the flu at Pusan. Congratulations are extended to Frances Ann Nickels and Richard F. Rost, who were married on Feb. 3, at St. Mary's Church in Defiance. During her vacation during the holidays, Mary Jo Huth presented a program of songs for the Heidelberg College Alumni Association, Miami Valley Chapter meeting, in Dayton. Congratulations are extended to Marilee Sunderman and Johnny Besanceney, who were married on Oct. 21 in St. Mary's Church in Piqua. They are residing in Cincinnati, where Johnny is affiliated with Convention Bureau. Robert Dawson has returned to Dayton after having attended the 1951 National Baton Twirlers' Jamboree in Wisc. Congratulations are extended to Mr. and Mrs. Thomas Finke on the birth of their son, Thomas James, on June 26. Congratulations are extended to Mr. and Mrs. Howard Redder on the birth of their daughter, Barbara Kay, on Dec. 7. Congratulations are extended to Mary Morrissey and Arnold C. Schaffer, Jr., who were married on Dec. 2, at Queen of Martyrs Church, Dayton. He is working in dental prosthetics—making false teeth—at U. S. N. T. C., Great Lakes, Ill. Pvt. James H. Geile is assigned to the medical lab at Letterman Army Hospital, San Francisco. Following the completion of his basic training at Camp Breckinridge, Ky., he was sent to Ft. Myer, Va., for classification and assignment. During his stay at Ft. Myer, we hear he had an excellent opportunity to take in some of the "sights" during his first visit to Washington. At Letterman Hospital Jim is working as a medical lab technician. Joe Moylan, who is doing graduate work at Bowling Green University, was a campus visitor. Andy Attenweiler is associated with Wall, Cassel, and Groneweg, certified public accountants, Dayton. Charles F. Collins, who is attending graduate school at Indiana University, was a campus visitor.
